

**The importance of involving young generations within GBEP activities and discussions**

**Ph.D. Program in Bioenergy**  
USP UNICAMP UNESP

**Prof Suani Coelho**  
Graduate Program Commission

Rome, 16:00-17:00 on Monday 28 October

# Objectives

- The program aims to generate knowledge and training of human resources of excellence for academia, industry and public agencies.
- Classes are in English.
- Lectures: presential or through video-conference, at different sites of the three universities (São Paulo, Campinas, Piracicaba, Assis, Jaboticabal, Rio Claro, etc)
- Annual students selection, on-line, from July-September – Scholarships
- 10 foreign PhD students: 2 Argentina, 2 Spain, 1 Honduras, 1 Russia, 1 Colombia, 1 India, 1 Iran e 1 South Africa.
- Students are recommended to perform experience abroad in Universities, Research Centers or Industry.

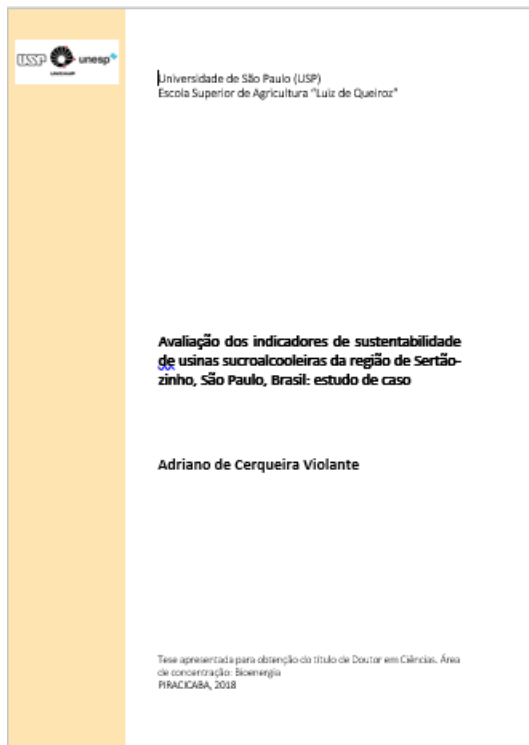

## ***Research Areas***

- 1. Biomass production for Bioenergy**
- 2. Process of biofuels production**
- 3. Biorrefinery**
- 4. Engines and biofuels**
- 5. Social, economic and environmental sustainability**

*The program is open for Brazilian and foreign students.  
Strong collaboration with National and International Research,  
Institutions and private sector.*

*Evaluation of sustainability indicators for sugar/ethanol mills in Sertãozinho region, São Paulo*
