

Invitation to the Expert Group Meeting

23 - 25 June 2021

Expert Group Meeting

Clean Cooking: Potential for Bioethanol Industries in High Impact Countries

Save the Date

You are kindly invited to attend the Expert Group Meeting (EGM).

The EGM is organized by UNIDO and the Clean Cooking Alliance (CCA), in partnership with the African Union (AU), UN-Economic and Social Commission for Asia and the Pacific (ESCAP), the Global Bioenergy Partnership (GBEP), and the Sustainable Energy for All (SEforALL).

The EGM will serve as a platform for key senior decision makers from 20 High Impact Countries (HICs) to deliberate and come up with strategies for promoting local bioethanol industries and associated value chains, thereby achieving self-reliance and energy security as well as strengthening their commitments towards Inclusive and Sustainable Industrial Development (ISID), Sustainable Development Goals (SDGs), and Nationally Determined Contributions (NDCs).

The meeting will be held as three half-day sessions. Please click on the links below to register for the sessions. **Important note:** Session 3 is restricted only to country delegates and invited experts.

[Click here and register for Session 2: Linking Agriculture, Industry, Energy and Markets](#)

[Click here and register for Session 3: Round Table of HICs on Clean Cooking](#)

We look forward to welcoming you at the EGM, 23-25 June 2021!

*Sincerely,
EGM organizing team*
