Sustainability at Neste Oil

Ilmari Lastikka
Head of EU Affairs, Sustainability and Public Affairs
The world is constantly on the move

People and goods need to stay on the move
How much more can the nature take?
We need cleaner traffic and transport solutions
Energy demand increases up to 45% by 2035

Source: IEA World Energy Outlook 2013
Renewable Diesel product family – 100% bio-based

- NEXBTL renewable diesel
- NEXBTL renewable propane
- NEXBTL renewable aviation fuel
- NEXBTL for bio-based chemicals
Licence to operate from stakeholders

- Legislation compliance
- Respecting human rights
- Active dialogue and engagement with stakeholders
Battle against poverty and de-forestation

CASE: Palm oil smallholders

- Palm oil production is an important livelihood in Indonesia and Malaysia.
- Neste Oil has over 54,000 smallholders in its supply chain.
- Our experts help the farmers to certify their production.
- Certification increases the farmers’ income, and often leads to better yields.
Thank you!
