Work Plan on sustainability governance of bioenergy within the bioeconomy

• GBEP & IEA Bioenergy working paper on “Sustainability Governance of bioenergy within the broader bioeconomy”

• Scientific support to WGCB AG 2 + 4 (with IFEU): Webinars on Forest Landscape Restoration (FLR) and bioenergy, and contributions to conferences (GLF, World Bank...)

• Working paper on “GBEP Indicators for sustainable bioenergy and indicators for a sustainable bioeconomy: Commonalities, Differences and Perspectives for Convergence”

• Contribution to IEA Bioenergy/GBEP/ workshop on “Sustainability Governance of the Bioeconomy” in late 2021/early 2022 (tentative)
